Star OSCs - This is being sent to OSCs that completed OPA Sites in 2017. Our Branch has been asked to submit Site success stories for the 2017 Superfund Annual Report (see attached format, 450 words, 2 photo minimum). We lead the Nation last year in Oil Removal Completions and I would like to show your hard work. I need a write up for each site below. Hopefully you can pull most of it from the PolRep or other updates you did. I would ask that you try to highlight how EPA collaborated with State, Tribal and Local counterparts. If you have trouble getting enough information to include, let me know, I am considering combining some of the Responses into categories, such as "Pipeline Responses" or Removals of "Orphaned Oil Sites". I will still need highlights and pictures from y'all.

Make sure all pictures have captions, which include description of activity, site name and location ( city and address). This is to ensure it is included in the correct story. Don't include staff names in the success story.

Write-ups on the following OPA Sites are due to me by December 8, 2017, if possible. If not, please let me know when you can provide ASAP.

Please let me know if you cannot meet this deadline.

**Subject:** End of Year Accomplishments (annual report)

Ben/Tony/Ronnie/John:

As mentioned last week, our *Annual Accomplishments Report* is due and **Ed Mekeel** will serve as our POC this year. Please assign one person in your Branch to assist in getting your accomplishments to Ed NLT December 19, 2017. I apologize for the short suspense and your cooperation in making this a success is greatly appreciated.

Attached is "success story" template and you're asked to provide a minimum of 2 photos for each site. Should you have questions/concerns, don't hesitate to reach out to Ed Mekeel, Mary Kemp or myself.

Again, thanks for your help - - -
